

UNIVERSITY STATEMENT

13 September 2019

Dear students and staff

A team from DUT Management met with the SRC at 10H00 today, following the student protests that disrupted University operations on the M.L Sultan, Ritson and Steve Biko campuses this morning.

Yesterday, the SRC submitted a memorandum outlining their concerns. This morning's meeting discussed the SRC's concerns which were related to campus security and insourcing.

The Management team will continue to engage with the SRC as we work towards a solution. We will update you on further developments.

The University apologises to all students, staff, parents and guardians who were affected by the protest action this morning.

Sincerely

DUT Management
