

**UNIVERSITY STATEMENT**

---

2 October 2019

Dear students and staff

The University is deeply saddened to announce that one of our students, Mr Phiweyinkosi Buthelezi, has sadly passed on. The late Mr Buthelezi was a student in the Faculty of Management Sciences, where he was studying towards his National Diploma in Business Administration.

The South African Police Services informed us today that they had found the body of Mr Buthelezi near the swimming pool, along the Durban Beachfront, early on Sunday morning.

This is a tremendous loss and we convey our most sincere condolences to Phiweyinkosi's family, friends and classmates. May his soul rest in peace.

Colleagues from the Student Services department will be assisting the family during this difficult time.

Sincerely

DUT Communications team
